**TESTS CONDUCTED**

The following laboratory markers were included in this assessment. Markers listed as "Not ordered" were not available for this patient and were excluded from the statistical model input.

**Complete Blood Count (CBC)**

|                                   |         |
|-----------------------------------|---------|
| White Blood Cell Count (WBC)      | Ordered |
| Red Blood Cell Count (RBC)        | Ordered |
| Hemoglobin                        | Ordered |
| Hematocrit                        | Ordered |
| Platelet Count                    | Ordered |
| Mean Corpuscular Volume (MCV)     | Ordered |
| Mean Corpuscular Hemoglobin (MCH) | Ordered |
| Red Cell Distribution Width (RDW) | Ordered |

**Inflammatory Markers**

|                                      |                    |
|--------------------------------------|--------------------|
| Erythrocyte Sedimentation Rate (ESR) | <i>Not ordered</i> |
| C-Reactive Protein (CRP)             | <i>Not ordered</i> |

**Autoantibody Panel**

*No autoantibody data was available for this patient.*

**STATISTICAL MODEL OUTPUT**

|                            |                                    |
|----------------------------|------------------------------------|
| <b>Model</b>               | Aura Hierarchical Dual-Scorer v1.0 |
| <b>Confidence Tier</b>     | High (>80%)                        |
| <b>Estimated Category</b>  | Healthy / No Autoimmune Pattern    |
| <b>Category Confidence</b> | 98.0%                              |

**Category Probability Distribution:**

|  |              |
|--|--------------|
| <b>Healthy / No Autoimmune Pattern</b> | <b>98.0%</b> |
| Systemic Autoimmune                    | 1.6%         |
| Endocrine Autoimmune                   | 0.3%         |
| Gastrointestinal Autoimmune            | 0.1%         |

## LABORATORY RESULTS

| Test           | Result      | Units                     | Reference Range | Flag               |
|----------------|-------------|---------------------------|-----------------|--------------------|
| WBC            | 6           | $\times 10^3/\mu\text{L}$ | 4.5 – 11.0      |                    |
| RBC            | 4.35        | $\times 10^6/\mu\text{L}$ | 4.2 – 5.4       |                    |
| Hemoglobin     | 12.2        | g/dL                      | 12.0 – 17.5     |                    |
| Hematocrit     | <b>36.7</b> | %                         | 37.0 – 52.0     | <b>L</b>           |
| Platelet Count | 271         | $\times 10^3/\mu\text{L}$ | 150 – 400       |                    |
| MCV            | 84.4        | fL                        | 80.0 – 100.0    |                    |
| MCH            | <b>33.2</b> | pg                        | 27.0 – 33.0     | <b>H</b>           |
| RDW            | 12.8        | %                         | 11.5 – 14.5     |                    |
| ESR            | —           | mm/hr                     | —               | <i>Not ordered</i> |
| CRP            | —           | mg/dL                     | —               | <i>Not ordered</i> |

## CLINICAL NOTES

### Summary

No autoimmune pattern detected (98% confidence). Lab values fall within normal ranges across all monitored markers.

### Recommended Action

Routine follow-up with primary care physician.
